

Try, try again

Perseverance is being patient and willing to try again and again when confronted with delays, mistakes or other challenges.

- Spend hours practicing on your music
- Study and work hard to raise your grade

Try out for something you weren't successful at the first time. Remember, "if at first you don't succeed, try, try again."

This week's meeting featured a skit competition and a lesson about Sampson and the Philistines. The Junior Division squads created and performed their own skit about the virtue of perseverance or about the hero St. Patrick. The winner of the skit competition with a rousing perseverance skit was the Delta Squad while the Charlie Squad received an honorable mention for their performance.

The Father Son Division enjoyed a lesson from Chris D. on the subject of Sampson and the Philistines. Chris did a great job presenting the bible story plus is brought a poster that he made at home to help explain the story. Finally, he passed out a crossword puzzle for the boys to work on at home.

Point totals for our perseverance campaign are adding up. Most squads have over 10,000 points. Our prize box is full of great gifts for the winners.
